CORE SKILLS

CERTIFICATIONS

- CCNA 1, 2, 3, 4
- CCNA Security
- IBM DevOps & Génie Logiciel
- Big Data Engineer
- Oracle Academy

PROFESSIONAL EXPERIENCE

Systems Administrator **June 2023 – December 2025**

FSLI-GROUP

- Linux Administration: Installation, configuration, and maintenance.
- Management: User management, permissions, and system security.
- Monitoring: System performance monitoring.
- Backup & Recovery: PRA / DRP (concepts).
- DevOps & Automation: Containerization with Docker.
- CI/CD: Solid foundation in Azure DevOps and GitHub Actions.
- Scripting: Bash, Python.
- Cloud & Infrastructure: Microsoft Azure deployment (VM, web services).
- Concepts: AWS, Virtualization (VMware / Hyper-V).

Python Back-End Developer **August 2022 - March 2023**

Y-NOTES

- Developed modules on OPENIMIS.
- Modifications and integrations on ODOO.
- Functional optimization of internal systems.

Web & DevOps Developer **January 2022 - June 2022**

DIGITAL X

- Web application deployment on Microsoft Azure.
- Implementation of CI/CD pipelines with Azure DevOps.
- Application containerization (Docker).
- Linux server administration and maintenance.
- Automation of deployment and maintenance tasks.

TECHNICAL PROJECTS / LABS

- Fullstack project (React, Node.js, PostgreSQL) on Linux VPS.
- CI/CD: Complete GitHub Actions pipeline (Build, Test, Docker Hub Push, SSH Deployment).
- Docker: Multi-container orchestration (Compose), volumes, and networking.
- Infrastructure: Ubuntu VPS administration, Nginx Reverse Proxy, SSL/TLS securing.
- Monitoring: Containerized log management and incident resolution.

Technical Stack

Git, Linux, Docker, Python, Bash, SQL.

Training

- Training in Project Creation and Management.
- Training in Leadership and Public Speaking.
- Training in Associative Project Setup.
- Training in Leadership and Personal Development.
- Training in Entrepreneurial Culture.

Web Developer **January 2021 - July 2021**

DOT-IT

- Deploying PrestaShop on MS Azure: Module development and pipeline automation via Azure DevOps.

EDUCATION

National Engineering Degree in Telecommunications

September 2018 - Aout 2021

International Institute of Technology - Sfax, Tunisia.

University Diploma in Technology

November 2016 juin - 2018

Private Polytechnic Institute of Advanced Sciences.

Scientific Baccalaureate (Series D)

june 2016

Bilingual High School, Ndop.

Seminars & Participations

- Participation in the Cybersecurity seminar.
- Participation in the 2019 African Union Model.
- Participation in the Industry 4.0 Day.

INTERESTS

Reading, Music, Cooking, Sports.
